10:30 Coffee Break

Public session 1: Modularisation, Flexibilisation and internationalization of curricula, teaching and learning: The contribution of Vita Global

This hybrid, public event will target academic leadership and industry partners. It is aimed at having a high-level debate on the important work that the Vita Global project has done examining trends and obstacles in flexibilization and internationalization of curricula, and the implications this has for universities as they modernize their teaching and learning and orient it towards labor market and societal needs.

11:00 -11:30 Presentation: The Vita Global White paper and experience: What has been learned regarding flexibilization and internationalization? *Monica Marquina, Nicolas Patrici, Elizabeth Colucci*

11:45- 13:00 Leadership round table with *Vice-rectors for Academics from Tarragona, Catalunya and from partner countries and regions*

- What is your institution's strategic vision for teaching and learning?
- In what ways are flexible study paths part of this vision and what objectives does this serve?
- In what ways does this relate to your internationalization objectives?
- What are the key take-aways for your institution with respect to Vita Global and its main messages on modularization, flexibilization and internationalization?

13:00 - 14:00. Lunch

DRAFT AGENDA
